Trainee's brush with the past

● Now this is what you call creative accountancy... Mark Brawn, trainee accountant with Shrewsbury based Nigel J Hinton, has a talent for much more than figures.

● His favourite pastime is painting images of historic Shrewsbury, and his work has appeared at several exhibitions.

● Now it is also taking pride of place in the company's offices in the county town.

● Mark is pictured with two of his paintings, Wyle Cop and Grape Lane.
